

waterRIDE™

waterRIDE Group Training

Introduction

waterRIDE™ group training provides a completely hands-on means of bringing new users up to speed with the concepts and basics of waterRIDE™, as well as providing advanced users with a structured approach to expanding their use of waterRIDE™'s vast capability.

All sessions focus on practical uses of waterRIDE™ through interactive lessons combined with task based learning.

Session Information

Session	Description	Fees per Attendee (ex GST)
Essentials	Provides new and less experienced users with a rapid means of learning the basics of waterRIDE™ including data interrogation and project building, as well as exposure to some of the more commonly used tools. PREQUISITES: None	AUD650/NZD700 <i>(AUD600/NZD650 Virtual)</i>
Advanced	Provides experienced users with an in-depth course on all aspects of working with and manipulating flooding datasets. Topics covered include 2D model import, model enhancement, merging overlapping models, project optimisation, Enterprise configuration, advanced interrogation, GIS integration/processing, flood surface processing, and Digital Elevation Models. PREQUISITES: Assumes user is competent in all aspects covered in the Essentials session.	AUD750/NZD800 <i>(AUD700/NZD750 Virtual)</i>
Flood Certificates Masterclass	Provides users with the skills necessary to build their own automated flood certificates system at their organisation. Attendees leave with a fully functioning example certificates system on USB. Topics covered include: Theory, building projects and templates, creating certificates, preparing datasets, managing data overlaps, performance and organisation rollout. PREQUISITES: Assumes user is competent in all aspects covered in the introductory session.	AUD750/NZD800 <i>(AUD700/NZD750 Virtual)</i>

Session outlines are available at <http://www.waterride.net/Resources-Training.html>

Discounts

Discounts are available to attendees from the same organisation as per the following table:

Scenario	Discount
Multiple sessions for a <i>single</i> attendee	10% off total fee
Multiple attendees from an organisation	25% off for 2 nd and subsequent attendees

What to Bring

Face to Face: Sessions are fully catered. Please advise of any special dietary requirements. Each attendee will need their own laptop.

Virtual: Sessions are carried out using Microsoft Teams. Microphone/Speaker are required. Webcam is optional. Two screens are recommended (one for our shared screen and one for you to work on).

Teaching editions of waterRIDE™ and training datasets will be provided prior to the session.

Certification

All attendees will receive an attendance certificate for each session they attend.

The Flood Certificates Masterclass also has an optional practical exam. Successful completion of the exam will provide the user with waterRIDE™ Masterclass certification.

Contact/Registration

Please contact us on +61 2 8456 7352, waterRIDE@advisian.com, or fill in the form at <http://www.waterride.net/Resources-Training.html> to make your booking.

Payment

Payment can be made against an invoice issued prior to the training, or by credit card. All credit card payments attract a 2.5% transaction fee.

Cancellation

Should any session be cancelled by us, we will refund (or hold in credit) any amounts paid for the cancelled session.

Should you cancel a session, a refund of any amounts paid less a AUD100 administration fee (per attendee) will be returned to you (or held in credit) if at least 5 business days notice are provided. If less than 5 business days notice is provided, *no* refund will be paid.

Training Terms

All training is carried out under our Standard Conditions of Contract which will be provided to you at the time of registration.
